Amendment by Chris Kern/Christa M Svensson: replace “STT” with “SAS” and insert the word “intend” in front of “to”. So the motion would read: “I move that the Council direct the SAS to develop alternatives intended to achieve an escapement of not less than 180,000 natural and hatchery adult spawners for the Sacramento River Fall Chinook salmon stock, as recommended in Agenda Item D.3.d, Supplemental CDFW Report 1.”
