

**PACIFIC FISHERY MANAGEMENT COUNCIL**  
**Deep-Set Buoy Gear Exempted Fishing Permit Application**

**Form** *Please refer to the instructions for specifics on filling out your application.*

**1) Application Date:** 10/30/2021 \_\_\_\_\_

**2) Applicant(s)\*:**

a) Name: **Gregory T. Harold** \_\_\_\_\_ Phone No: (949)233-8665

Email: **gregharoldoc@gmail.com**

Address: 1741 Pomona Ave. Spc 47 Costa Mesa, California 92627

**Commercial Fishing Permits Held:**

Swordfish harpoon, golden spot and ridgeback prawn, sardine, anchovy take, pacific mackerel, ocean enhancement stamp, nearshore fishery, trap, lobster crewmember, tidal invertebrate, shrimp and prawn trawl, spot prawn observer, spot prawn trawl observer, Operator.

**Commercial Fishing Experience:**

	Years of experience	Gear type / Type of participation (captain, crew, vessel owner, etc.)
DSBG		<ul style="list-style-type: none"><li>-Standard set buoy gear design and assembly</li><li>-Pricing of supplies and equipment</li><li>-Bandit gear installation and hookup design</li><li>-Gregory Harold/Crew Timothy Harold</li><li>-Vessel is "Salt &amp; Light" CF 3211 JG</li></ul>

**Other swordfish gear** 12 years

-Drift gillnet swordfish/ deck boss, relief captain owner Stephen Grayshock (Pamela Rose).  
-Harpoon swordfish/ skiff man, spotter plane communications, fish cleaning and care.  
Owner Larry Manser/ Stephen Grayshock (Arista) LA.

Other gear type(s)	11 years	-Purse seine, drum seine, lampara/ relief captain, crew. (Pamela Rose) Owner Stephen Grayshock -Shrimp trawl, shrimp trap, hook and line (Bonnie Jean) Owner operator Greg Harold -Lobster crewmember (Rain Maker) Owner Brian Shafer
--------------------	----------	---

b) Name: Timothy Harold Phone No: (949) 230-1320

Email: haroldtim@gmail.com

Address: 6 Sandbar Dr. Corona Del Mar, California 92625

CommercialFishingPermitsHeld:

None

**Commercial Fishing Experience:**

	Years of Experience	Gear type / Type of participation (captain, crew, vessel owner, etc.)
DSBG	0	
Other swordfish gear	0	
Other gear type(s)	0	

**3) Number of vessels\*:** 1

a) Vessel Name: Salt and Light Registration Number: CF 3211 JG

Name of Operator: Gregory T. Harold

Commercial Fishing Permits Held: - Swordfish harpoon, shark, HMP, shrimp and prawn trawl, trap, golden spot and ridgeback prawn trap, lobster crew member, tidal invertebrate, pacific halibut, anchovy take, pacific mackerel, sardine. Hook and line, pacific highly migratory species, tidal invertebrate, ocean enhancement.

b) Vessel Name: \_\_\_\_\_ Registration Number: \_\_\_\_\_

Name of Operator: \_\_\_\_\_

Commercial Fishing Permits Held: \_\_\_\_\_

**\*List information for additional EFP applicants/vessels/participants on a separate page.**

**4) Do any of the applicants/vessel operators have current/pending state or federal**

**violations in any commercial fishery?** ☐ Yes ☒ No (If yes, follow-up on the nature and status

of any violations may be required as part of the application review process.)

**5) Duration:** The EFP will normally be issued for a two-year period from the date of issuance.

If you have good reason for receiving an EFP for a longer period, specify the requested number of years and provide justification for the longer duration:

I request a 3 year duration period to commit and equip the vessel with electric banit gear and the standard DSBG fishery equipment first season start up costs.

**6) Intended DSBG Configuration (see Attachment A):** ☒ Standard ☐ Linked Describe

proposed gear modifications (if any) that differ from the descriptions in Attachment A:

DSBG EFP Application Page 2 of 4 July 2017

**7) Do you intend to target any species other than swordfish?** ☐ Yes ☒ No (This does not include other species that may caught incidentally when targeting swordfish.) If you do plan to use the gear to catch other species, list the species and how the fishing method you plan to use would differ (depth, time of day, season, etc.):

**8) Fishing Area and Effort:**

Area Number of 761, 760, 806, 805, 804, 740, 739, 759, 738, 758 757, 807	vessels /  Vessel  names	Estimated fishing  effort in number of  days or sets
Southern California Bight (Pt. Conception to the U.S.- Mex. Border)	Salt & Light	Up to 32 days
Central California (Point Reyes to Point Conception)		
Northern California (42° N. latitude to Point Reyes)		

Oregon (Columbia River to 42° N. latitude)

**Please note that applications to fish outside the Southern California Bight will be looked on more favorably in the review process.**

Additional information you think would be helpful in reviewing the application concerning where you plan to fish and the amount of fishing:

-My vessel Salt and Light is based out of Newport Harbor, Newport Beach, California. It's a smaller fishing vessel with limited working deck space. Standard set buoy gear is perfect for this vessel to work 5 sets of gear and actively tending in close proximity to vessel traffic and mammal migration. We plan to fish off Orange County coastline and fish up to 32 days.

DSBG EFP Application Page 3 of 4 July 2017

**9) Data Gaps:** Will your EFP fishing specifically address any of the following data gaps? (See Attachment B for descriptions)

- ☒ Active gear tending
- ☒ Gear conflicts/number of vessels
- ☒ Gear configuration
- ☒ Concurrent gear use

Explain what methods you would use, or information you plan to gather, to address the data gaps you checked off above

-Active gear tending: We will have all our gear set in formation depending on current and conditions. Visual distance at all times, radar reflectors on high flyer buoys. Strobe lights on all high flyers

-Gear conflicts/number of vessels: Depending on vessel traffic we will be able to deploy less gear in the water.

-Gear configuration: We will be using the standard deep set buoy gear as described in attachment A.

-Concurrent gear use: A detection buoy followed by a hard ball, followed by a 49 pound buoy, followed by high flyer locator flag with radar reflector and strobe light.

**10) Reporting Requirements and Observer Coverage:**

- You must maintain a logbook for reporting catch and other operational information (such as time and location of catch) in a format specified by National Marine Fisheries Service • Up to 100% observer coverage may be required on your EFP fishing trips • Data gathered as part of the EFP will be publicly available

- ☒ I acknowledge the above conditions, and verify that I am willing and able to cover the cost of any level of observer coverage required under permit terms and conditions.

If you are unable to cover the entire cost of the observer coverage requirement, please explain what portion you may be able to cover and identify other sources of funding which may be available to help you cover observer costs.

**11) Applicant(s) Signature:** \_\_\_\_\_

## **DSBG Amendment Request to Fish within 3 Miles of Southern California Coast**

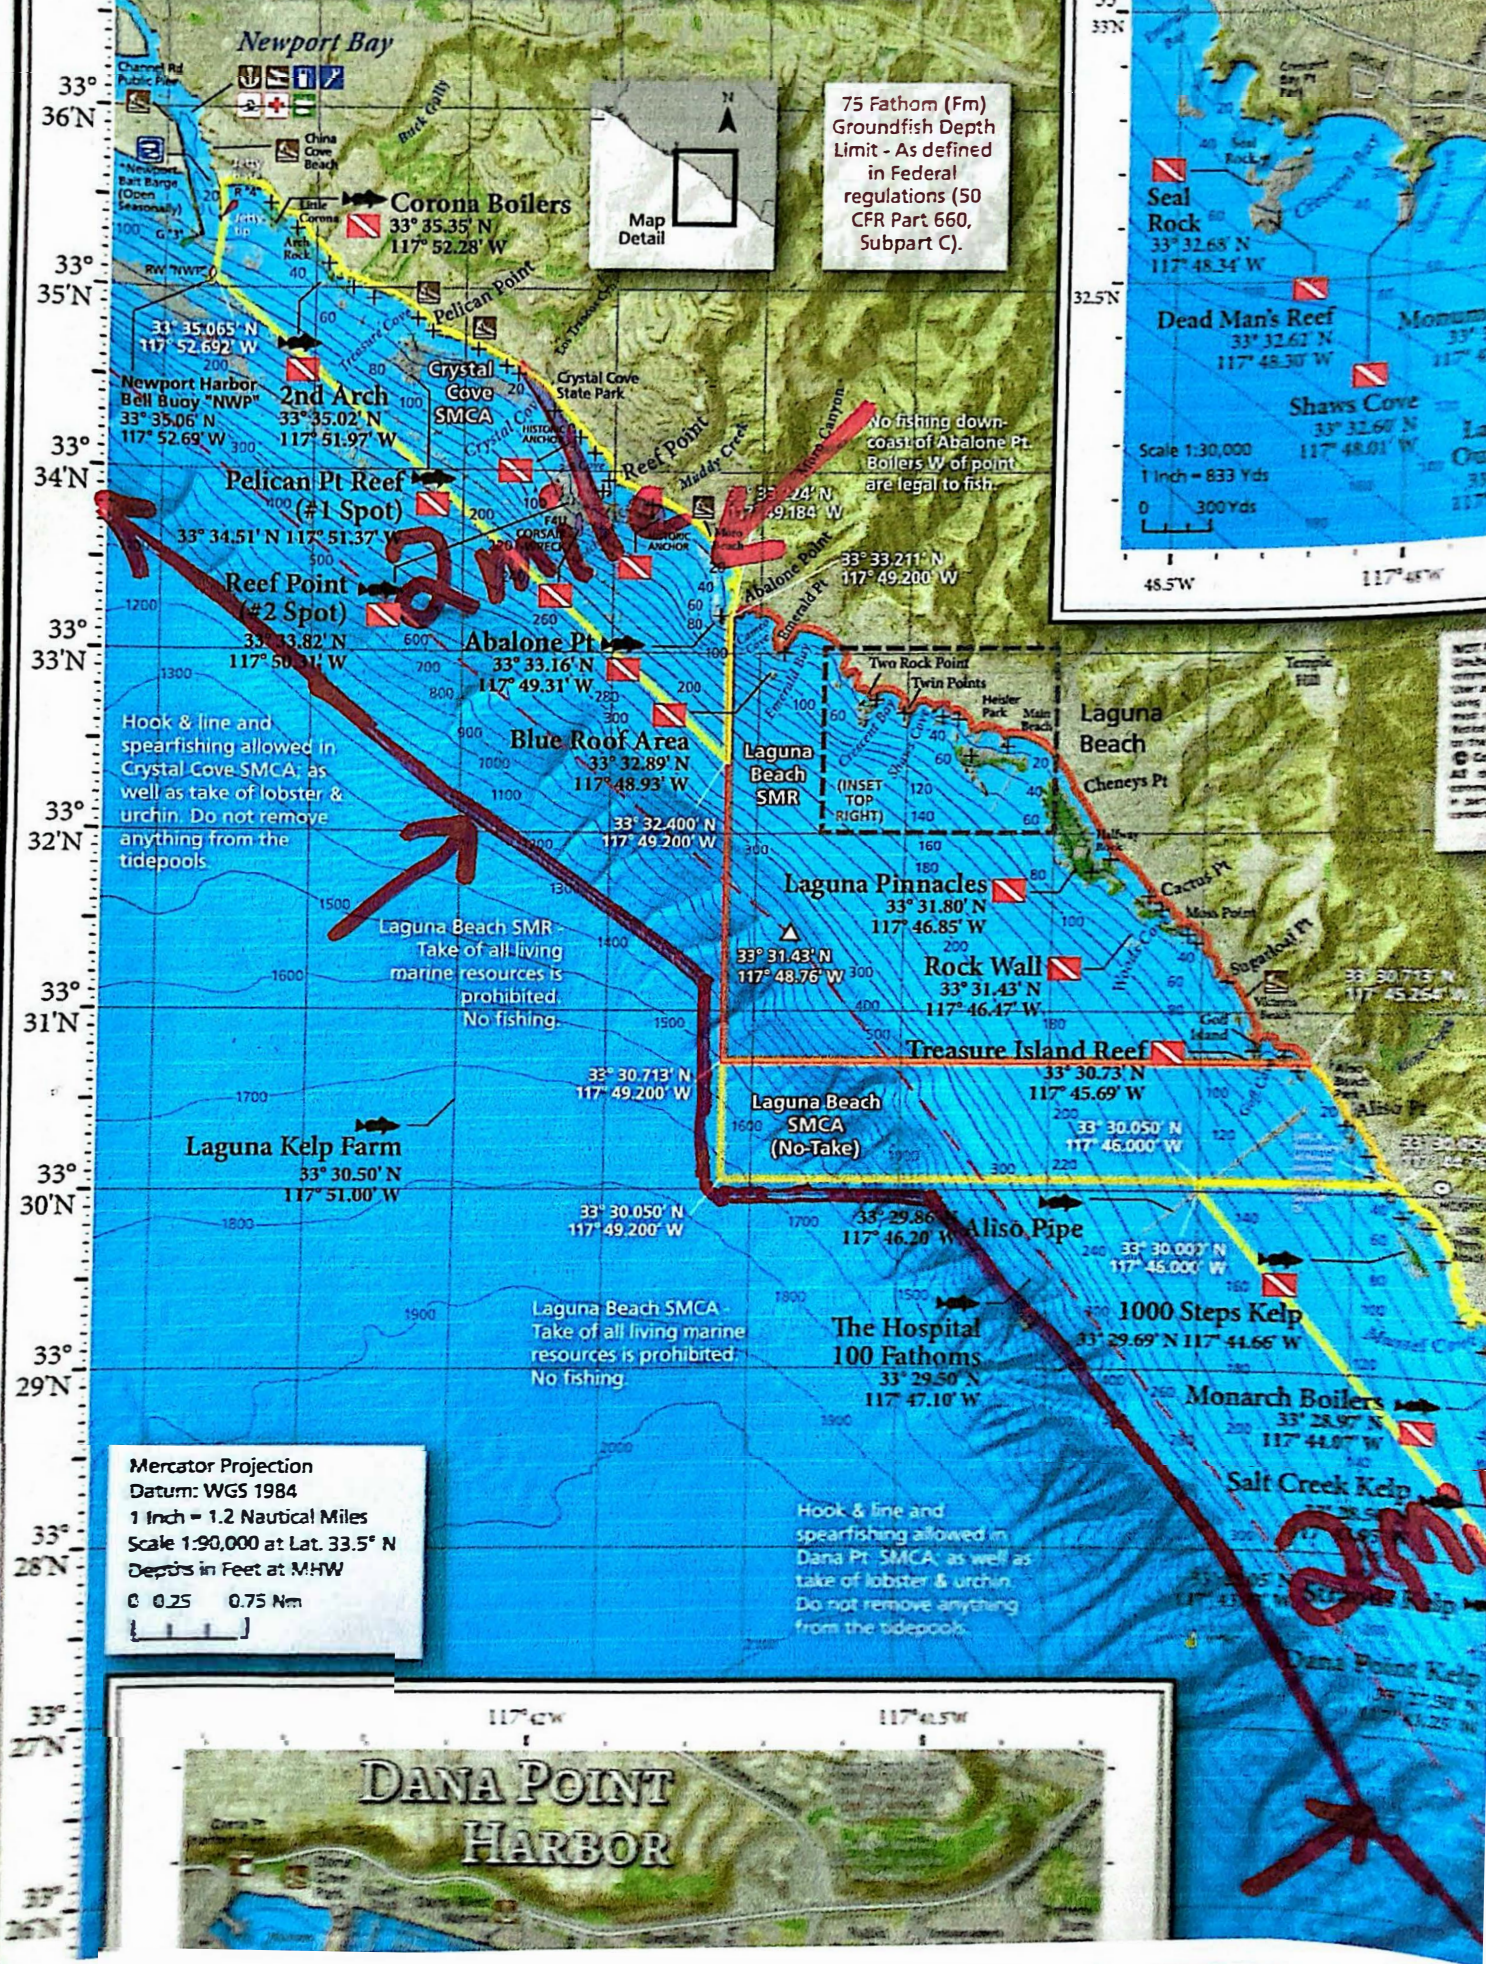

I've been an elder in the commercial swordfish fishery since 1973 fishing based out of Newport Beach, California fishing locally and offshore islands. I'm familiar with the local harpoon fishery in Dana Point and Catalina Island. My vessel is licensed to harpoon fish and we deep drop rod and reel 1-3 miles off the beach in the Southern California Bight.

The vessel "Salt and Light" is a small Costa Mesa built fiberglass sport fisher. My intentions for the amendment request is for the privilege of gathering much needed research data for the management council.

The chart enclosed shows area of request to fish in state waters within 3 miles, the Orange County coastline 5 sets of DSBG maximum. Gear configuration bottom hook above sea floor 200 feet minimum.

Dear Mr. Harold

Subject: Bonnie Jean Spill Incident - F1021 (12/15/00) Invoice #16224

This serves as notice that the invoice for the subject spill has been paid in full, as of 09/06/01. Our office received six payments totaling \$1035.55 (see attachment), which was the complete recovery of response costs incurred.

Should you have any questions or comments, please contact me at (916) 322-4452.

Sincerely,

*Cassandra White*
