

COASTAL PELAGIC SPECIES ADVISORY SUBPANEL REPORT ON MEMBERSHIP
APPOINTMENTS AND COUNCIL OPERATING PROCEDURES

The Coastal Pelagic Species Advisory Subpanel (CPSAS) discussed the Enforcements Consultants (EC) recommendations to amend the Council Operating Procedure (COP) 23 for Exempted Fishing Permits (EFP) with regards to issuing EFPs if the applicant has violated the terms of a previous EFP or has a recent major fisheries violation. Because the EC statement wasn't available until after the CPSAS met in June, no statement was forth coming at the time.

At this time, the CPSAS believes the Council should adopt COP 23 as described in [Agenda Item C.7, Attachment 4](#).
