

ECOSYSTEM ADVISORY SUBPANEL REPORT ON FUTURE COUNCIL MEETING  
AGENDA AND WORKLOAD PLANNING

The Ecosystem Advisory Subpanel (EAS) discussed the *Preliminary Year-at-a-Glance Summary* (Agenda Item C.8, Attachment 1) and the Ecosystem Workgroup (EWG) statement on this item (Agenda Item C.8.a, Supplemental Ecosystem Workgroup Report 1). We support the recommendations in the EWG report and have no additions.

The EAS also discussed the format alternatives for our March and September 2023 meetings. In general, we prefer at least one meeting in person per year, if not both. We would like to meet in person in March 2023 and virtually in September 2023 and evaluate our effectiveness under each model before determining a more permanent arrangement.
