

**CURRENT AND REVISED CHAPTER HEADERS**

<b>Section Number</b>	<b>Current Headers</b>	<b>Section Number</b>	<b>Revised Headers</b>
2.0	Framework Management	2.0	Establishing and Implementing Management Measures and Additional Procedures
2.1	Types of Actions and Procedures	2.1	Framework Management
2.1.1	Routine Management Measures	2.1.1	Point of Concern Framework
2.1.2	Point of Concern Framework	2.1.2	Socioeconomic Framework
2.1.3	Socioeconomic Framework	2.2	Types of Actions and Procedures
2.1.4	Allocation	2.2.1	Routine Management Measures
2.1.5	Procedures for Specifying OFL, MSY, ABC, and Optimum Yield	2.2.2	Allocation
2.1.6	Management Agreements with Other Nations	2.2.3	Procedures for Specifying OFL, MSY, ABC, and Optimum Yield
2.1.7	Management Measures to Protect Non-coastal Pelagic Species	2.2.4	Management Agreements with Other Nations
2.2	Other Management Measures	2.2.5	Management Measures to Protect Non-coastal Pelagic Species
2.2.1	Generic	2.3	Other Management Measures
2.2.1.1	Observers	2.3.1	Generic
2.2.1.2	Essential Fish Habitat	2.3.1.1	Observers
2.2.1.3	Vessel Safety Considerations	2.3.1.2	Essential Fish Habitat
2.2.1.4	Limited Entry	2.3.1.3	Vessel Safety Considerations
2.2.2	Domestic Commercial Management Measures	2.3.1.4	Limited Entry
2.2.2.1	Permits	2.3.2	Domestic Commercial Management Measures
2.2.2.2	Permit Revocation and Reinstatement	2.3.2.1	Permits
2.2.2.3	Catch Restrictions	2.3.2.2	Permit Revocation and Reinstatement
2.2.2.4	Prohibited Species	2.3.2.3	Catch Restrictions
2.2.2.5	Gear Restrictions	2.3.2.4	Prohibited Species
2.2.2.6	Closed Fishing Areas	2.3.2.5	Gear Restrictions
2.2.2.7	Reporting Requirements	2.3.2.6	Closed Fishing Areas
2.2.2.8	Vessel Identification	2.3.2.7	Reporting Requirements
2.2.3	Domestic Recreational	2.3.2.8	Vessel Identification
2.2.3.1	Permits	2.3.3	Domestic Recreational
2.2.3.2	Catch Restrictions	2.3.3.1	Permits
2.2.3.3	Gear Restrictions	2.3.3.2	Catch Restrictions
2.2.4	Domestic Vessels in a Joint Venture	2.3.3.3	Gear Restrictions

2.2.5	Foreign Vessels in a Joint Venture or Foreign Fishery	2.3.4	Domestic Vessels in a Joint Venture
2.2.5.1	Permits	2.3.5	Foreign Vessels in a Joint Venture or Foreign Fishery
2.2.5.2	Target Species	2.3.5.1	Permits
2.2.5.3	Incidental Catch	2.3.5.2	Target Species
2.2.5.4	Prohibited Species	2.3.5.3	Incidental Catch
2.2.5.5	Season and Area Restrictions	2.3.5.4	Prohibited Species
2.2.5.6	Reporting and Record Keeping Requirements	2.3.5.5	Season and Area Restrictions
2.2.5.7	Dumping	2.3.5.6	Reporting and Record Keeping Requirements
2.2.5.8	Fishery Closure	2.3.5.7	Dumping
2.2.5.9	Observers	2.3.5.8	Fishery Closure
2.2.5.10	Other Restrictions	2.3.5.9	Observers
2.2.6	Foreign Recreational	2.3.5.10	Other Restrictions
2.2.7	Limited Entry	2.3.6	Foreign Recreational
2.2.8	Exempted Fishing	2.3.7	Limited Entry
2.2.9	Other Fees and Permits	2.3.8	Exempted Fishing
2.3	Scientific Research	2.3.9	Other Fees and Permits
2.4	Restrictions on Other Fisheries	2.4	Scientific Research
2.5	Procedures for Reviewing State Regulations	2.5	Restrictions on Other Fisheries
2.6	Standardized Bycatch Reduction Methodology	2.6	Procedures for Reviewing State Regulations
		2.7	Standardized Bycatch Reduction Methodology
3.0	Limited Entry	3.0	Limited Entry
3.1	Problem Addressed by Limited Entry	3.1	Problem Addressed by Limited Entry
3.2	Goals and Objectives for Finfish Limited Entry	3.2	Goals and Objectives for Finfish Limited Entry
3.2.1	Capacity Goal	3.3	Capacity Goal
3.3	Achievement of Goals and Objectives and Need for Additional Measures to Reduce Capacity	3.3.1	Maintaining the Capacity Goal
3.3.1	Maintaining the Capacity Goal	3.4	Scope of Limited Entry
3.4	Nature of the Interest Created	3.4.1	Species within the Scope of Limited Entry
3.5	Scope of Limited Entry	3.4.2	Geographic Scope of Limited Entry
3.5.1	Species within the Scope of Limited Entry	3.5	Limited Entry Permits
3.5.2	Geographic Scope of Limited Entry	3.5.1	Initial Issuance of Limited Entry Permits
3.6	Limited Entry Permits	3.5.2	Initial Issuance Criteria
3.6.1	Initial Issuance of Limited Entry Permits	3.5.3	Ownership Restriction
3.6.1.1	Initial Issuance Criteria	3.5.4	Limited Entry Permit Held by Owner of Record of the Vessel
3.6.1.2	Ownership Restriction	3.5.5	Loss of a Vessel Prior to Permit Issuance

3.6.1.3	Limited Entry Permit Held by Owner of Record of the Vessel	3.5.6	Appeals Process
3.6.1.4	Loss of a Vessel Prior to Permit Issuance	3.5.7	Permit Renewal Procedures
3.6.1.5	Appeals Process	3.5.8	Conditions for Transfers of Existing Permits
3.6.2	Permit Renewal Procedures	3.5.9	Adjusting Permit Transferability to Maintain the Capacity Goal
3.6.3	Conditions for Transfers of Existing Permits	3.5.10	Procedures for Issuing New Limited Entry Permits in the Future
3.6.3.1	Adjusting Permit Transferability to Maintain the Capacity Goal	3.6	Coastal Pelagic Species Fishing Exempted from Limited Entry
3.6.4	Procedures for Issuing New Limited Entry Permits in the Future	3.6.1	Exempted Landings
3.6.5	Coastal Pelagic Species Fishing Exempted from Limited Entry	3.6.2	Recreational Fishing
3.6.5.1	Exempted Landings	3.6.3	Live Bait Coastal Pelagic Species Fishing
3.6.5.2	Recreational Fishing	3.7	Additional Management of the Limited Entry Fishery
3.6.5.3	Live Bait Coastal Pelagic Species Fishing	3.7.1	Trip Limit
3.6.6	Additional Management of the Limited Entry Fishery	3.8	Nature of the Interest Created
3.6.6.1	Trip Limit		
4.0	Optimum Yield, Maximum Sustainable Yield, Acceptable Biological Catch, Harvest Control Rules, and Overfishing Definitions for the Coastal Pelagic Species Fishery	4.0	Optimum Yield, Maximum Sustainable Yield, Acceptable Biological Catch, Harvest Control Rules, and Overfishing Definitions for the Coastal Pelagic Species Fishery
4.1	Definition of Optimum Yield	4.1	Definition of Optimum Yield
4.2	Definition of Overfishing Limits, MSY, and ABC Control Rules	4.2	Definition of Overfishing Limits, MSY, and ABC Control Rules
4.3	Definition of Overfishing	4.3	Definition of Overfishing
4.4	Definition of an Overfished Stock	4.4	Definition of an Overfished Stock
4.5	Rebuilding Programs	4.5	Rebuilding Programs
4.5.1	Rebuilding Plan for Pacific Sardine	4.5.1	Rebuilding Plan for Pacific Sardine
4.6	Harvest Control Rules	4.6	Harvest Control Rules
4.6.1	Default CPS Harvest Control Rule	4.6.1	Default CPS Harvest Control Rule
4.6.2	Harvest Control Rule for Pacific Sardine	4.6.1.1	Harvest Control Rules for Northern Anchovy and Jack Mackerel
4.6.2.1	Definition for Overfished Stock for Sardine	4.6.2	General Harvest Control Rules
4.6.2.2	Live Bait Harvest between the ABS and CUTOFF	4.6.3	Harvest Control Rule for Pacific Sardine
4.6.3	Harvest Control rule for Pacific (Chub) Mackerel	4.6.3.1	Live Bait and Minor Directed Harvest between the ABC and CUTOFF
4.6.4	Harvest Control Rules for Northern Anchovy, Jack Mackerel, and Market Squid	4.6.4	Harvest Control Rule for Pacific Mackerel
4.6.4.1	Northern Anchovy-Central Population	4.6.5	Harvest Control Rule for Market Squid
4.6.4.2	Northern Anchovy-Northern Population	4.6.6	Prohibited Harvest Species

4.6.4.3	Jack Mackerel	4.7	Stock Assessment and Fishery Evaluation Report
4.6.4.4	Market Squid	4.8	Annual Specifications and Announcement of Harvest Levels
4.6.5	Prohibited Harvest Species	4.8.1	General Procedure for Setting Annual Specifications
4.7	Stock Assessment and Fishery Evaluation Report	4.8.2	Factors Considered
4.8	Annual Specifications and Announcement of Harvest Levels	4.8.3	Guidelines for Choosing Between a Harvest Guideline and Quota
4.8.1	General Procedure for Setting Annual Specifications	4.9	Annual Assessment and Management Cycles
4.8.2	Factors Considered		
4.8.3	Guidelines for Choosing Between a Harvest Guideline and Quota		
4.9	Annual Assessment and Management Cycles		
5.1	Incidental Catch Allowances	5.1	Incidental Catch Allowances
5.1.1	Incidental Catch Allowances When Stocks are Overfished	5.2	Guidelines and Criteria for Setting Incidental Catch Allowances
5.1.2	Incidental Catch Allowances When Stocks are Not Overfished	5.2.1	Overfished Stocks
5.1.3	Pacific (chub) Mackerel Landed Incidentally	5.2.2	Stocks Not Overfished
5.1.4	Catch Allowances for Live Bait When Stocks are Overfished	5.2.2.1	Pacific Mackerel Landed Incidentally
5.1.5	Catch Allowances for Live Bait When Stocks are Not Overfished	5.2.3	Incidental Catch Allowance for Shared Ecosystem Component Species
5.1.6	Guidelines and Criteria for Setting Incidental Catch Allowances	5.3	Catch Allowances for Live Bait
5.1.6.1	Overfished Stocks	5.3.1	Catch Allowances for Live Bait When Stocks are Overfished
5.1.6.2	Stocks Not Overfished	5.3.2	Catch Allowances for Live Bait When Stocks are Not Overfished
5.1.7	Incidental Catch Allowance for Shared EC Species	5.4	Minor Directed CPS Finfish Fisheries
5.2	Minor Directed CPS Finfish Fisheries	5.5	Seasonal Allocation for the Directed Pacific Sardine Fishery
5.3	Seasonal Allocation for the Directed Pacific Sardine Fishery
