

PROPOSED AGENDA

SCIENTIFIC AND STATISTICAL COMMITTEE COASTAL PELAGIC SPECIES SUBCOMMITTEE

Pacific Fishery Management Council

Online meeting

March 20 and 21, 2023

The Coastal Pelagic Species (CPS) Subcommittee of the Pacific Fishery Management Council's (Pacific Council's) Scientific and Statistical Committee (SSC) will meet to review the results of a stock structure workshop including proposed revised methods for separating northern stock landings and survey biomass, and a proposed approach to estimate CPS biomasses from the 2022 Summer CPS survey. SSC Subcommittee meetings are open to the public, and a public comment opportunity is included. Agenda times are subject to change once the meeting begins. The meeting will be held online, with access instructions and other information available on the PFMC [website](#). Breaks will be taken as necessary, at the discretion of the Chair. The meeting is scheduled until 1 p.m. but the meeting will adjourn when work for the day has been completed.

Monday, March 20, 2023

9 am	Call to order, adoption of agenda, administrative matters, appointment of rapporteurs	Punt, Doerpinghaus
9:15 am	Overview of Pacific sardine stock structure workshop	Yau
10:15 am	Methods for separating northern stock Pacific sardine landings and survey biomass estimates	Zwolinski
