

**PROPOSED AGENDA**

# Stock Assessment Review for Pacific Mackerel

National Oceanic and Atmospheric Administration  
Southwest Fisheries Science Center  
Pacific Room  
8901 La Jolla Shores Dr.  
La Jolla, CA 92037  
858-334-2800  
April 11-13, 2023

This stock assessment review (STAR) meeting is hosted by the Pacific Fishery Management Council (Council) and the National Oceanic and Atmospheric Administration (NOAA) Southwest Fisheries Science Center (SWFSC) and will follow the Council’s Terms of Reference (TOR) for Stock Assessment Reviews. This STAR panel will review the scientific merits and technical elements of the Draft 2023 Pacific Mackerel Stock Assessment report. STAR Panel meetings are open to the public, and a public comment period is scheduled for each day. Additional public comments and breaks will be taken at the discretion of the Chair. Dates and times on this agenda are subject to change once the meeting begins. The meeting will be conducted in person with a web broadcast that provides the opportunity for remote public comment. In the event an outage occurs or technical issues arise that impact the experience of remote attendees, we will attempt to resolve them but ultimately we cannot guarantee that they will be resolved satisfactorily. Meeting materials and access information will be available on the Council’s website in advance of the meeting.
