

Agenda Item G.6 Future Agenda and  
Workload Planning

# Initiative 4 Workshops

# Workshops- why?

Provide an organized opportunity to understand and participate in risk table and pathway development

Provide an efficient mechanism for conducting the work

Bring additional resources and funding support to achieve the Council's objectives

# Workshops- what?

- Two workshops jointly sponsored by PFMC and TNC
- May be held in mid-summer or following the September 2023 PFMC meeting
- Envision each workshop would 1.5 days with ideally ~25 participants.
  - May include members of the Council, EWG, EAS, Management Team, Advisory Subpanel, IEA Team, Stock Assessors, additional researchers as needed, and other interested individuals
- Workshops may focus on risk table and/or pathway development
- Results will be provided to the Council in March 2024

# Recommendations

Commit to including 2 workshops in the Initiative 4 timeline to:

- Provide an organized opportunity to understand and participate in risk table and pathway development
- Provide an efficient mechanism for conducting the work
