

PROPOSED AGENDA

Pre-Assessment Workshop for
2023 Groundfish Stock Assessments of
Petrale Sole, Shortspine Thornyhead and
Rex Sole

Pacific Fishery Management Council
Online Meeting

Monday, March 20, 2023

The online workshop is open to the public and instructions for how to connect to the workshop will be posted on the Pacific Fishery Management Council's (Council's) [website](#) prior to the first day of the meeting.

The purpose of the pre-assessment workshop is to review proposed data inputs, modeling approaches, and any other pertinent information to inform 2023 stock assessments for petrale sole, shortspine thornyhead, and rex sole. The goal of the pre-assessment workshop is to promote dialogue and a common understanding between assessment teams and data providers of the best data and analytical and modeling approaches applicable to these assessments. Stock assessment teams will solicit advice from data stewards, stakeholders, and fishery managers knowledgeable about these species.
