

GROUND FISH MANAGEMENT TEAM REPORT ON MEMBERSHIP APPOINTMENTS
AND COUNCIL OPERATING PROCEDURES

The Groundfish Management Team (GMT) would like to thank the Southwest Fisheries Science Center for nominating an economist to the GMT. The GMT supports the nomination of Dr. Aaron Mamula to the GMT. Dr. Mamula will provide expert economic analysis and considerations for team discussions.

The GMT would like to acknowledge the hard work and years of dedicated service from two of our former members. The first is our recent former Vice Chair and Tribal Seat designee, Mr. Joe Peterson, and the second is our team historian and multi-year member of the leadership team in both the Chair and Vice Chair roles, Ms. Lynn Mattes. The GMT wants to recognize their invaluable contributions and thanks them for their service.
