

HIGHLY MIGRATORY SPECIES MANAGEMENT TEAM SUPPLEMENTAL REPORT ON
EXEMPTED FISHING PERMITS

The Highly Migratory Species Management Team (HMSMT) reviewed the letter from Mr. Donald Krebs ([I.3, Attachment 1](#)), which clarified that his request is for an exempted fishing permit issued to him to exempt activities from the daytime requirement of the authorized deep-set buoy gear fishery (CFR 660.715(c)(3)). The HMSMT recommends the Pacific Fishery Management Council approve this application.
