

Scientific and Statistical Committee's Ecosystem-Based Management and Groundfish Subcommittees

Pacific Fishery Management Council
Via Webinar

September 21, 2023

Instructions for how to connect to the meeting will be posted on the Pacific Fishery Management Council's (Council's) [website](#) prior to the meeting. In the event an outage occurs, or technical issues arise that impact the experience of remote attendees, we will attempt to resolve them but ultimately, we cannot guarantee that they will be resolved satisfactorily.

Scientific and Statistical (SSC) subcommittee meetings are open to the public and a dedicated public comment period has been scheduled. Additional public comments may be taken at the discretion of the Chairs. Times on this agenda are subject to change once the meeting begins. Committee member work assignments are noted in parentheses at the end of each agenda item. The first name listed is the discussion leader and the second, the rapporteur. The Subcommittees will report recommendations to the full SSC which in turn is scheduled to brief the Council at their November 2023 or March 2024 meeting.

Thursday, September 21, 2023 – 1:00 PM

A. Welcome and Introductions Kristin Marshall
1. Roll Call, Introductions, Announcements, etc.
