

FINAL INSEASON ADJUSTMENTS FOR 2023-2024–PART II, IF NECESSARY

This agenda item is scheduled if business under Agenda Item E.3 Final Inseason Adjustments Part I was not completed. Under this agenda item, the Pacific Fishery Management Council (Council) will consider any inseason adjustments it directed the Groundfish Management Team and Groundfish Advisory Subpanel to consider under Agenda Item E.3. Potential inseason adjustments include adjustments to catch limits, season structures, and other items relevant to inseason management of the fishery. However, should the Council make final inseason adjustment recommendations under Agenda Item E.3, then this agenda item will be cancelled.

**Council Action:**

- 1. Adopt final inseason adjustments for 2023 and 2024 as necessary, to achieve, but not exceed, annual catch limits and other management objectives, as appropriate.**
