

F.7 2025-26 Fisheries Analysis Update and Adopt California Quillback Rockfish Harvest Specifications and Rebuilding Parameters

Council Action:

1. Review Analysis and Provide Guidance
2. Adopt a Preliminary Preferred Rebuilding Strategy and Associated Harvest Specifications for California Quillback Rockfish
3. Refine the Range of Alternatives, As Necessary

CDFW Motion:

I move the Council adopt a range of 2025-2026 harvest specifications for Quillback rockfish off CA recommended by the GMT in Table 1. From Agenda Item E.7.a Supplemental GMT Report 1 November 2023, with the technical correction to the 2026 specification as provided by the SSC in Agenda Item F.7.a Supplemental SSC Report 1 March 2024.

Moved by Caroline McKnight
