

ECOSYSTEM ADVISORY SUBPANEL REPORT ON
FUTURE COUNCIL MEETING AGENDA AND WORKLOAD PLANNING

The Ecosystem Advisory Subpanel (EAS) met via webinar on May 21, 2024, reviewed the preliminary Council meeting agenda for September, and discussed our preferences for a September meeting. While an in-person meeting is our preferred option, at least two EAS members have a schedule conflict with the Council meeting dates and meeting remotely in September would maximize EAS member participation. Therefore, our preference is to meet via webinar on September 5 with an option to continue our discussion on September 6, if needed.
