

NATIONAL MARINE FISHERIES SERVICE REPORT

Under this agenda item, the Pacific Fishery Management Council (Council) will hear an update from Mr. Josh Lindsay of the National Marine Fisheries Service (NMFS) West Coast Region regarding the recent U.S. District Court Order affecting the Pacific sardine rebuilding plan and harvest specifications. NMFS Report 1 provides an overview of the status of the 2024-2025 Pacific sardine harvest specifications and a proposed timeline for developing a new rebuilding plan and accompanying analysis.

Council Action:

Discussion.

Reference Materials:

1. Agenda Item G.1.a, NMFS Report 1: NMFS Report on Pacific Sardine Rebuilding Plan and Current Harvest Specifications.
2. If received, Public Comments are electronic only ([see e-portal](#)).
