

FURTHER DIRECTION ON 2025 MANAGEMENT MEASURES

The Salmon Technical Team (STT) will present preliminary analysis of the tentative management measures identified by the Pacific Fishery Management Council (Council) thus far at this April meeting. The Council should provide further clarification or direction regarding the management measures to the STT, as necessary. The Council should ensure the measures presented are those for which the Council desires full STT analysis and consideration for final adoption under Agenda Item D.8 on Tuesday, April 15.

Council Task:

Provide any needed guidance to assist the STT in its analysis of the tentative management measures.
