

STEPS TO TAKE

SHOULD YOU BECOME

ILL AT A COUNCIL MEETING

Illness such as a cold, flu, RSV, and COVID can be disruptive and cause complications within any public setting. To help ensure the health of our community, Council process participants that fall ill are encouraged to utilize the online option of our Council session.

Next steps with regard to COVID or general infectious illness:

Please visit the [CDC](https://www.cdc.gov) main website for the most current COVID and infectious illness guidelines. Please prepare in advance of any travel by packing masks, COVID tests and any other medications in the event they are needed.

Will you need assistance? (Food/liquid/meds):

The Hotel Front desk can guide you with information on food delivery assistance either from the hotel outlets or via food delivery apps (UberEats, Doordash, Instacart). Some also provide delivery of non-food items.
