

PROPOSED AGENDA

Scientific and Statistical Committee’s Economics Subcommittee

Pacific Fishery Management Council
Online Meeting
June 2, 2026

This meeting of the Scientific and Statistical Committee’s (SSC) Economics Subcommittee will be held online and is open to the public. The meeting will be held from 12:00 p.m. until 3:00 p.m. Pacific Time, or until business for the day concludes. Pertinent information will be posted on the Pacific Fishery Management Council’s (Council) website prior to the meeting. A dedicated public comment agenda item has been scheduled. Additional public comments may be taken at the discretion of the Chair. Dates and times on this agenda are subject to change once the meeting begins. Please refer to the [Meeting Notice](#) on the Council’s website for more information.

The purpose of the meeting is to review a draft methodology for evaluating the resilience of West Coast fishing communities, as part of a Community Resilience Decision Support Framework being developed under Council Special Project 2. Subcommittee member work assignments are noted in parentheses for each agenda item; the first name listed is the discussion leader and the second is the rapporteur. The SSC Economics Subcommittee will report its recommendations to the full SSC, which in turn is scheduled to provide a report to the Council at the June 2026 meeting.

C. Discussion

Economics Subcommittee

Key areas or questions that the Economics Subcommittee may wish to discuss and/or comment on include:

- Recommendations to ensure the methodology is applicable and useful across fisheries and fishing communities;

- Suggestions for other data, metrics, or indicators to consider;
- Desired balance between a narrative tool and an analytical tool;
- Type of case study to apply the methodology and framework to (e.g., current Council action vs. retrospective fishery management plan amendment or specifications action).
