

PROPOSED AGENDA  
**Ad Hoc Ecosystem Workgroup (EWG) Webinar**  
**October 25, 2018, 1:30 p.m.**

<http://www.gotomeeting.com/online/webinar/join-webinar>

Webinar ID: 632-761-819

Telephone: +1 (415) 655-0052

Phone audio access code: 911-302-407

Audio participation is by telephone only. After entering the audio access code you will be prompted for an audio PIN, which will be displayed in the Go To Meeting interface.

***A. Webinar Logistics***

***B. Introductions and Approval of the Agenda***

***C. EWG Comments on Ad Hoc Climate Scenarios Investigation Committee (CSI) Recommendations***

The CSI is holding a webinar on Tuesday, October 23 to discuss recommendations it will make to the Council on undertaking a climate change scenario planning exercise as part of the Climate and Communities Initiative. The CSI will present its report to the Council on November 5 (Agenda Item H.1). The EWG should decide whether to submit a report to the Council on this topic and if so, discuss its contents.

***D. Discuss and Plan Tasks Associated With the Fishery Ecosystem Plan Five-Year Review***

In September the Council tasked the EWG with polling its Management Teams to identify recommended changes to the Fishery Ecosystem Plan. The EWG should be prepared to make recommendations in March 2019 on the plan objectives and any additional revisions to the structure and content of the document.

***E. Further Work Planning and Meeting Scheduling***

To accomplish the tasks described in the preceding two items the EWG will likely need to hold additional webinars and/or in-person meetings in preparation for the March Council meeting. If not already discussed under the above items, this would be an opportunity to schedule these meetings and discuss related workload.

***F. Public Comment***
