

Agenda Item G.1 Review of Salmon Rebuilding Plans

- 1. Review and Comment on the Draft Salmon Rebuilding Plan for Klamath River Fall Chinook and Consider Adopting the Salmon Rebuilding Plan with a Final Preferred Alternative for Recommendation to U.S. Secretary of Commerce.**
- 2. Review and Comment on the Draft Salmon Rebuilding Plan for Sacramento River Fall Chinook and Consider Adopting the Salmon Rebuilding Plan with a Final Preferred Alternative for Recommendation to U.S. Secretary of Commerce.**
- 3. Review and Comment on Draft Salmon Rebuilding Plans for the Three Coho Stocks and Consider Adopting as Drafts for Public Review.**

DRAFT-NOT FOR ADMINISTRATION

I move the Council adopt the Klamath River and Sacramento River fall Chinook Rebuilding Plans as final, adopt Recommendation 1 in both plans establishing the default rebuilt criterion consistent with the FMP for these stocks, and adopt Alternative I, Status Quo Control Rule from Recommendation 2, as the preferred alternative management strategy for recommendation to the U.S. Secretary of Commerce as presented in Agenda Item G.1 Attachments 1 and 2.

Moved by Brett Kormos; 2nd by Bob Dooley

Motion carried unan.

I move that the Council adopt the Strait of Juan de Fuca coho, Queets River coho and Snohomish River coho rebuilding plans as presented in Agenda Item G.1, Attachments 3, 4 and 5 respectively as drafts for public review.

Moved by Kyle Adicks; 2nd by Rich Lincoln

Motion carried unan.
