

Ad Hoc Southern Resident Killer Whale Workgroup
Pacific Fishery Management Council/National Marine Fisheries Service

PROPOSED AGENDA

August 6, 2019

Start time 10:00 a.m. PDT via webinar

The meeting is open to the public and is part of a series of work sessions scheduled to support the workgroup’s primary purpose of reassessing the effects of the Council-area ocean salmon fisheries on the Chinook salmon prey base of Southern Resident Killer Whales (SRKW). Although this is not a public hearing, public comment may be accepted as time allows at the discretion of the Workgroup’s Co-Chairs. This proposed agenda may be modified during the meeting, and estimated start times for each agenda item are also subject to change. Additional information on SRKWs can be found at these links:
