The Pacific Fishery Management Council's (Pacific Council) Groundfish Management Team (GMT) will convene a webinar meeting to discuss harvest specifications and other items related to the team's in-person meeting scheduled for October 7-11, 2019. The webinar will be held Thursday, September 26, 2019 from 10 a.m. until 4 p.m. Pacific Daylight Time. The webinar end time is an estimate, the meeting will adjourn when business for the day is completed. This meeting is open to the public.

Purpose of the Webinar

The primary purpose of the GMT webinar is to discuss the development of the 2021-2022 harvest specifications and management measures including rebuilding analyses. The GMT may also address other groundfish and administrative agenda items scheduled for its in-person October meeting. A detailed agenda will be available on the Pacific Council's website prior to the meeting. No management actions will be decided by the GMT.
