

COASTAL PELAGIC SPECIES ADVISORY SUBPANEL REPORT ON
FUTURE COUNCIL MEETING AGENDA AND WORKLOAD PLANNING

The Coastal Pelagic Species Advisory Subpanel (CPSAS) discussed ideas for a more streamlined and efficient process for considering exempted fishing permit (EFP) research proposals. The CPSAS supports the Coastal Pelagic Species Management Team's (CPSMT) proposal (Agenda Item G.7.b, Supplemental CPSMT Report 2), and concurs that it would result in a better EFP process.
